

Udsnit fra brev til HF

Hello! My name is Charlotte, and I am beyond excited to be sharing this experience with you.

I want to come to Denmark because I would like to experience a new culture and community. I wish to immerse myself in your country's wonders, meet lots of new people and learn about Denmark and its people as much as I can.

In my spare time it will be good to spend time with my host family and to make new friends, watching movies, dancing, listening to music, hanging out and having a great time. And of course doing the things that my host family do as part of their routine. The "me" that I am at home with my family and friends, is exactly who I wish to be with you, hard working, fun, easy going and creative. I love spending time with my friends here and I love making new friends wherever I go. I cherish the time I spend with my family, and I am sure I will cherish the time I'll spend with you. I like spending time with my pets, we have a dog, Winston and a cat, Midnight.

I have lots of different hobbies and interests, my favourite things to do in my spare time would be reading, watching TV, singing, dancing and listening to Pop Music. My favourite subjects at school are English, Music and Drama. English because I like writing stories and reading, Music because singing and making music is a source of happiness for me and Drama, because it is a great way for me and others to express themselves. I haven't played for a while but I enjoy Basketball and I am currently enrolled in a contemporary dance class, which I attend once a week.

I love singing and have recently performed at a concert in a nearby town for a big community event. I also get asked to sing at school assemblies and functions, which I like - sometimes it's just the national anthem and other times I have sung a few songs with the choir. I think I am a curious person and I enjoy trying new things, even if sometimes it seems a bit weird or scary. I like being able to express myself in as many different ways as possible, whether it be dancing, singing or drama or the way I dress. I seem to be able to make friends easily, I think because I tend not to judge anyone and enjoy all sorts of different people. I like being around my friends and we make each other feel comfortable and we always try to be honest with each other.

I can be a bit eccentric but I think it is always good to be true to yourself and I can't wait to meet you and get to know you. I think I am easy to get along with and will be happy to fit in with your family life and help out in any way I can. It will be great to laugh and share stories with you and learn about each other. I am really excited !

Yours Sincerely  
Charlotte
